Gender equity and women's leadership are essential components that link local to global action and community-based decision making. The purpose of this roundtable is to highlight 21st century models in terms of the UN IFSD. Effective integrated management levers, responsive institutional structures depend upon a well-prepared global society, knowledge sharing systems through a broad multi-stakeholder-intergenerational platform, and confidence building approaches utilizing a global framework for Environmental Education. Contact: Pam Puntenney <pjpunt@umich.edu> Co-Chair UN CSD Education Caucus</i></p>
