

COP27

Overview of Gender-related / Feminist Events

The Women & Gender Constituency (WGC) is one of the nine stakeholder groups of the United Nations Framework Convention on Climate Change (UNFCCC). Established in 2009, the WGC now consists of 34 women's and environmental civil society organizations, and an advocacy network of 600+ feminists from around the world - working to ensure that gender equality is embedded in all processes and results of the UNFCCC framework, for a sustainable and just future.

Events List

This document contains information on Women & Gender Constituency members' events and events of our WGC advocacy network and allies during COP27, as well as key events on gender equality and feminist climate action. The list is organized by mandated events, and then by date and time. All times are in local Sharm El Sheik time. Further details about the events can be found on the [UNFCCC website](#).

Please see the color guide below, which categorizes the events by venue/location:

-  Blue Zone *Official side events & action hubs*
-  Blue Zone *Pavilions*
